

## BUFFO THE BRAGGART

Agility 1 - Archery 0 - Charm 2  
Combat 0 - Evasion 3 - Magic 0  
Perception 1 - Stealth 2 - Wits 1

According to his own account, Buffo has slain 17 dragons, 22 giants and 34 ogres, rescued at least 40 princesses, saved half a dozen kingdoms from destruction, discovered 4 new continents and arm-wrestled several minor deities into submission. If his heroic deeds keep multiplying at this rate, there soon won't be anything he hasn't done. You might want to question the truth of some of his tales, but it's hard to catch him when he's running away so fast.
